

BOSCH

Invented for life

Bosch Therm

1210 Series

Bosch offers commercial grade gas tankless water heaters for the most demanding jobs. With an ASME rating, 225 kBTU output, 98% efficiency and the ability to cascade up to 24 units, the 1210 models are the premier choice for commercial applications.

Meet The Bosch Therm 1210

Commercial Hot Water Solution

Unlike traditional non-condensing models, condensing technology captures heat from the exhaust gas and uses it to preheat the incoming cold water. This increases efficiency and reduces emissions.

Features & Benefits

- ▶ Up to 98% thermal efficiency
- ▶ 225,000 BTU capacity
- ▶ 12.1 gallons per minute capacity at a 35F degree rise
- ▶ Cascade up to 24 units to achieve a capacity; up to 290 GPM
- ▶ Minimum activation flow rate of 0.5 GPM
- ▶ Ultra low NOx certified
- ▶ ASME rated for commercial applications
- ▶ Built-in freeze protection
- ▶ Direct vent, with PVC, CPVC or Polypropylene
- ▶ Concentric and twin pipe venting options
- ▶ Can be used in solar thermal, recirculation, and space heating applications
- ▶ Space saving design with 100% serviceable parts and easy access
- ▶ Available in NG and LP models

The Highest Capacity, Fully Condensing Gas Tankless Water Heater From Bosch.

Up to 24 Bosch Therm 1210 models can be linked together to achieve an incredible 290 gallons per minute.

- ▶ Cascade up to 24 units to satisfy jobs of all sizes.
- ▶ Only the lead unit is on standby keeping the activation flow rate at 0.5 GPM.
- ▶ When load increases, the lead unit automatically calls on other units to fire up.
- ▶ Lead unit is automatically rotated to share the load evenly.
- ▶ Certified to common vent for a cleaner installation.

Therm 1210 Series		
Technical Specifications	C 1210 ESC NG/LP	C 1210 ES NG/LP
Part Number	NG 7703311072 LP 7703411070	NG 7703311073 LP 7703411071
Applications	Commercial	Commercial /Residential
Condensing/Non Condensing	Condensing	
Max. Input, Btu/h	225,000	
Min. Input, Btu/h	25,000	
Thermal Efficiency	Up to 98%	
Capacity @ 35° GPM	12.1	
Capacity @ 55° GPM	7.7	
Activation Flow Rate, GPM	0.5	
Intelligent Cascading	Up to 24 units	
Temp Range °F	100 - 180	100 - 140
Installation Options	Indoor/Outdoor**	
Dimensions (W-H-D), in	17 ⁷ / ₈ x 30 ¹ / ₂ x 11 ¹ / ₄	
Weight, lbs	88	
Water Connections	¾" NPT	
Gas Connection	¾" NPT	
Water Pressure, psi	30 - 150	
Min. NG Pressure	3.5" WC	
Venting Options	PVC, CPVC, ABS, Cat III Stainless Steel, PP Common Vent	
Vent Max. Run 4" pipe	63ft.	
Vent Max. Run 3" pipe	31ft.	
ASME Rated	✓	
Low NOx 2012 Compliant	✓	
National Sanitary Foundation Certified	✓	
Warranties: [§] Heat Exchanger All Other Parts Labor	5-Years 5-Years 1-Year	15-Years 5-Years 1-Year

About Bosch

Bosch Group

The Bosch Group is a leading global supplier of technology and services in the areas of Automotive, Industrial Technology, Consumer Goods and Building Technology. The company was founded in Stuttgart, Germany, in 1886 and presently has more than 440 subsidiaries and is represented in over 150 countries.

In the U.S., Canada and Mexico, the Bosch Group manufactures and markets automotive original equipment and aftermarket solutions, industrial drives and control technology, power tools, security and communication systems, packaging technology, thermotechnology, household appliances and software solutions. The Bosch Group's products and services are designed to improving quality of life by providing innovative and beneficial solutions. In this way, the company offers technology worldwide that is "Invented for life." Additional information is available online at boschheatingandcooling.com and bosch.ca.

Bosch Thermotechnology in North America

Bosch Thermotechnology is a leading source of high quality water heating and comfort systems. The company offers gas tankless, electric whole house and point-of-use water heaters, Bosch and Buderus floor-standing and wall mounted boilers, Bosch and FHP geothermal, water-source and air-source systems as well as controls and accessories for all product lines. Bosch Thermotechnology is committed to being Simply Smart by offering products that work together as integrated systems that enhance quality of life in an ultra-efficient and environmentally friendly manner.
