

Flexible enough to install where you need it. Tough enough to be a Trane. Trane's packaged unit heating and cooling systems give you everything in one. All with the architectural flexibility to accommodate rooftop or ground placement.

# TRANE PACKAGED UNIT SYSTEMS: A DIFFERENCE YOU CAN FEEL EVERY DAY.

Trane packaged unit systems deliver exceptional heating and cooling all while operating quietly & efficiently. With durable components assembled into one sleek cabinet, you can maximize your comfort from summer to winter and back.

Exclusive components like a two-stage Climatuff<sup>®</sup> compressor, all-aluminum Spine Fin<sup>™</sup> coil, Weather Beater<sup>™</sup> top, and variable-speed Vortica<sup>™</sup> blower motor with Comfort R<sup>™</sup> will deliver the sustained performance you expect year after year.

Plus, ultra-quiet operation delivers comfort without disrupting your home environment.

# SEET™ TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET<sup>™</sup> [Systems Extreme Environmental Test] lab. Put through five years of extreme wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

MOST RELIABLE HEATING AND COOLING EQUIPMENT BRAND<sup>2</sup>

<sup>1</sup>Trane was named America's Most Trusted HVAC brand/system by Lifestory Research, a national research firm, based on a 2019 study of 11,000 consumers actively shopping or considering a product as compared with peer organizations of like size and complexity. Trane has received the highest numerical score for years 2016, 2017, 2018, 2019 & 2020. Your experiences may vary. Visit lifestoryresearch.com <sup>2</sup>Trane Technologies Marketing Insights. Trane Brand Consumer Survey. July 2020.

# WE'RE NOT THE ONLY ONES TALKING ABOUT RELIABILITY.

#### Durable Weather-Beater Top

Specially shaped and reinforced to shrug off the elements.

#### State-Of-The-Art Fan System

Applies a highly-efficient motor and specially-shaped aerodynamic blade to move air across the coil quietly and efficiently.

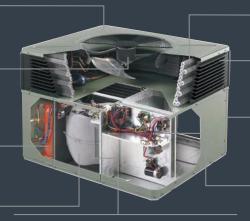

#### Climatuff<sup>®</sup> Compressor

Known throughout the industry for its legendary reliability and efficient, quiet operation. The two-stage compressor in our heat pumps operates at lower speeds most of the time, using the higher speed only when needed.

#### Variable-Speed Blower Motor With Comfort-R<sup>™</sup>

Distributes air more evenly to eliminate hot and cold spots, while operating at reduced noise levels. Exclusive Comfort-R provides precise humidity control to enhance your comfort.

Features and components may vary by model and are shown for illustration purposes only.

A CLOSER LOOK

#### Composite Vortica<sup>™</sup> Blower

Advanced design increases airflow with minimal sound while using less energy.

#### All-Aluminum Spine Fin<sup>™</sup> Coil

Offers extreme resistance to corrosion and leaks for greater reliability. Designed for more efficient, effective airflow.

#### Attractive, Contrasting Louvers

Made from UV-resistant, automotive-grade plastic provide durable protection.

#### Appliance-Grade Finish

Appliance-Grade finish of resistant paint over heavy rolled steel stays attractive for years.

#### **Advanced Electronic Demand Defrost**

(Heat pumps only) eliminates unnecessary defrost cycles, saving energy and prolonging compressor life.

#### Compatible with Trane CleanEffects®

The first whole home air cleaning system to earn the **asthma & allergy friendly**<sup>®</sup> Certification Program mark by the Asthma and Allergy Foundation of America.

#### **RUN YOUR HOME** FROM WHEREVER LIFE TAKES YOU.

Nexia® allows you to manage your home remotely using most web-enabled mobile devices<sup>1</sup>. With just the touch of a button, you can unlock a door, turn on lights, or adjust your heating & cooling from a distance to save you energy. Simply put, Nexia gives you home automation in the most simple and accessible way. All so that you can connect with your home, even when you're not at home.

# WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home<sup>2</sup> where the air can be up to 5X poorer quality than the air outside<sup>3</sup>. To help improve your indoor air, Trane offers a complete portfolio of air filtration equipment for whole home solutions for new and existing units.

## **TRANE CLEANEFFECTS® AIR CLEANER**

Utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles<sup>4</sup> that pass through the reusable filter, including 99.9% of the Influenza A (H1N1) virus<sup>5</sup>. This level of filtration makes it up to 100X more effective than a standard 1" filter<sup>6</sup>. Plus, it's the ONLY whole-home electronic air cleaner that is certified asthma & allergy friendly' by the Asthma & Allergy Foundation of America.

# **ENERGY RECOVERY VENTILATORS (ERV)**

Provide an energy-efficient way to exchange air inside your home with fresh air from outside, removing lingering odors like cooking smells while improving overall air quality.

## HUMIDIFIERS

Provide the right amount of moisture to the air throughout your home, adjusting from summer to winter.

Contact your Dealer or visit Trane.com/Residential to learn more.
